PUBLIC SERVICE COMMISSION OF WISCONSIN

Simplified Rate Case for the City of Sparta, as a Water Public Utility,
Monroe County, Wisconsin

5610-WQ-102

FINAL DECISION

Introduction

On May 10, 2018, the Sparta Municipal Water Department (Utility) filed an application for a water rate increase under Wis. Stat. § 196.193, a Simplified Rate Case (SRC) process that does not require a hearing. Commission staff reviewed the information submitted by the Utility in support of its application and determined the water rate increase is justified as requested.

Findings of Fact

1. The revenue increase is calculated by multiplying the Utility's prior year revenue from sales of utility service by the 2018 rate increase factor (3.0 percent) set by the Commission.
2. The revenue increase combined with the Utility's prior year net operating income results in an overall rate of return that does not exceed 4.9 percent, the Commission's 2018 established overall rate of return applicable to a municipally owned water or combined water and sewer public utility.
3. The effective date of the rate increase is not less than 12 months from the effective date of a previous SRC increase and is not less than 45 days from the date of this application.
4. The Utility's last rate increase authorized pursuant to a hearing under Wis. Stat. § 196.20 has been in effect for at least a calendar year (i.e., January through December).
5. The Utility has 4,000 or more customers and the effective date of the rate increase is not more than 5 years from the effective date of an increase authorized pursuant to a hearing under Wis. Stat. § 196.20.

6. The Utility notified all its customers of the proposed rate increase.

Conclusion of Law

1. The Commission has jurisdiction under Wis. Stat. §§ 196.02, 196.193 and 196.39, and Wis. Admin. Code ch. PSC 185.

2. The Commission has authority under Wis. Stat. § 15.02(4) to delegate to the Administrator of the Division of Water, Telecommunications and Consumer Affairs, those functions vested by law as enumerated above.

Order

1. The Utility shall increase its rates for general service and public fire protection uniformly by the 3.0 percent rate increase factor.

2. The new rates will be effective August 15, 2018, and will be on file with the Commission as Amendment 33, provided that the Utility makes a copy of the new rates available to the public before this date by placing a copy of the new rates at locations where customer payments are accepted, on the Utility's Internet site, or in a form and place that is otherwise readily accessible to the public. If a copy of the new rates is not made available to the public by this date, the new rates shall take effect on the date they are so made available.

3. The Utility shall inform each customer of the new rates authorized by this order.

4. The Utility's current rates and rules shall be available for public inspection.

5. The Utility shall keep on permanent file all its previous rates.

6. Jurisdiction is retained.

7. This order is effective one day after the date of service.

If an *untimely* petition for rehearing is filed, the 30-day period to petition for judicial review commences the date the Commission serves its original decision.¹ The Public Service Commission of Wisconsin must be named as respondent in the petition for judicial review.

If this decision is an order denying rehearing, a person aggrieved who wishes to appeal must seek judicial review rather than rehearing. A second petition for rehearing is not permitted.

Billing: Bills for water service are rendered quarterly and become due and payable upon issuance following the period for which service is rendered. At utility discretion, high volume customers may be billed monthly. A late payment charge of 3 percent but not less than 50 cents will be added to bills not paid within 20 days of issuance. This ONE-TIME 3 percent late payment charge will be applied only to any unpaid balance for the current billing period's usage. This late payment charge is applicable to all customers. The utility customer may be given a written notice that the bill is overdue no sooner than 20 days after the bill is issued. Unless payment or satisfactory arrangement for payment is made within the next 10 days, service may be disconnected pursuant to Wis. Admin. Code ch. PSC 185.

Combined Metering: For residential customers, volumetric readings from all meters on a single service lateral shall be combined for billing. For nonresidential customers, volumetric readings may be combined for billing if the utility for its own convenience places more than one meter on a single water service lateral. This requirement does not preclude the utility from combining readings where metering configurations support such an approach. Volumetric readings from individually metered separate service laterals may not be combined for billing purposes.
