Number of phases _____ **Voltage** _____ **Entrance size (amps)** _____

Remarks _____

At the above-described premise, the installation was done in compliance with the provision of all applicable codes, safety standards and Xcel Energy service rules. Xcel Energy is not responsible for customer owned equipment past the point of delivery and will not inspect customers' wiring for adequacy, safety, or compliance with applicable electrical codes on the customer's side; such responsibility remains with the customer and authorities having jurisdiction. If the customer is signing, the customer acknowledges and agrees to a general release, and further expressly waives and assumes the risk of any and all claims for damages which exist as a result whether known or unknown to exist, whether through ignorance, oversight, error, negligence or otherwise, and which, if known, would materially affect customers decision to sign this document. The installation is now ready for connection.

Signature of electrical inspector _____

Certified inspection number: _____

Date approval _____

***Before electricity can be furnished this form must be completely filled out, signed and returned to Xcel Energy. Per WI State Statute 101.862(1), effective April 1, 2014, Statute 101.862 (1) No person may engage in the business of installing, repairing, or maintaining electrical wiring unless the person is licensed as an electrical contractor by the department. (3) No person who is not a master electrician may install, repair, or maintain electrical wiring unless a master electrician is at all times responsible for the person's work. The electrical license number must accompany the electrician's signature to be valid. Please make sure the document is legible.
