Parks & Recreation Director's Report
April 6, 2020

Adult Softball League

League and tournament information has been sent out to those on our mailing list. We are proceeding as usual hoping that we will have a season this summer. We may have to adjust league dates if the COVID-19 restrictions are not lifted.

Wrestling

We had another very successful season that was unfortunately cut short at the end of the year. Regionals and state tournaments were all cancelled due to the COVID-19 restrictions. Corey Zimmerman had another great season as our coach and our assistant coaches helped out tremendously each week at practice.

3-5 year old Basketball

This is a cooperative program with the Basketball Association and we have had a great response to the program. We had close to 50 kids signed up for the program. Ryan was leading this program before all programs were cancelled. We were able to get about half the program dates in before the program was cancelled.

Gymnastics

All programs at this time are delayed until further notice.

Youth Soccer League

Soccer was scheduled to start on April 4th. At this time we will plan to push the season back and possibly shorten the season a little. We are optimistic that we will be able to get part of a season of soccer in this spring.

Adult Fitness Classes

Classes are cancelled until further notice. .

Pool

The interview processes for the pool has been put on hold at this time with the recent restrictions. We will be meeting as a staff to discuss future options for interviewing new staff for the pool. We have traditionally held our lifeguard training classes at Ft. McCoy but with the recent COVID-19 events it is unlikely we will be able to use their pool. We may need to host our lifeguarding class at our pool before we are able to open for the summer.

At this time we have not started the process to open the facility. Which is still on pace with past years, we generally start the first or second week in April.

We have been able to set parameters on our registration system that will allow for online registrations for swimming lesson this summer. This will not charge a fee for any student that is in the Sparta School District. The school district will then reimburse the City of Sparta for registration fees at the end of the season. We ran this program last summer but it was done with little to notice so all registrations had to be done in person or over the phone.

Misc.

All rehire letters have been sent out for the maintenance staff. Most of the crew is returning for the season and we are in the process of hiring the few positions that are open.

We plan to provide full refunds for any program/rental that has been cancelled due to COVID-19. We have set up a refund reason named COVID-19 in our registration software to hopefully track the revenue loss.

Golf Course

With Governor Evers "Stay-At-Home" orders announced last week the golf course and parks staff are not considered "essential services". This means we are only able to come into work to perform minimum maintenance to keep the facility up.

At this time the full time staff are working on the course to prepare for an opening on April 25th. We have started with filling in the holes from all the ash trees that were removed this past winter. Cleaning up the course and will continue to mow the greens, fairways and tee boxes so that the course stays in good condition. We plan to have seasonal staff work a few hours each week to continue mowing of the course as the grass starts to grow so that the full time staff are able to work on the projects in order to have the course ready to open on April 25th.

We have conducted the first round of interviews for the Greens Keeper Plus position and have narrowed the pool down to our top two candidates. We will be having them tour the facility on Tues. and Wed. along with a second interview and will then hopefully be making an offer.

Our Story...

Innovation runs deep at Regal Ideas. Over 30 years ago, the company opened its doors with one product line, Regal Aluminum Railing. Today, Regal ideas is the industry leader and has become the largest and most renown brand of aluminum railing in North America and around the globe.

From Inspiration to Innovation to Safety and Durability, Regal Ideas spends an extensive amount of time researching, developing and evolving it's product mix to bring innovative products that inspire homeowners, contractors and architects.

Inspiring Homeowners, One Deck at a Time!

How do we manage to continue to innovate and inspire? We partner with today's most inspiring Celebrity Deck Builder, Paul Lafrance.

"Regal ideas passion for innovation, quality and service are next to none. I have been using the Regal ideas products for many years on my projects, and they still look as good as the first day they were installed. As a homeowner, I appreciate the ease of installation and the low maintenance of the product. From a contractor's perspective I value the reduced amount of time it takes to complete a job." -Paul Lafrance
