

FENCES

GENERAL REQUIREMENTS

The following are required of all fences installed in the City of Sparta:

(a) All fences shall be maintained in good repair and in structurally sound condition. No fence may be constructed or maintained which is detrimental to human life or safety or causes a traffic hazard. All fences shall be constructed and maintained straight, plumb and of an even height along its length, except for such deviations as required by grade.

(b) No advertising or signs shall be permitted on any fence in any zoning district without prior approval from the Planning Commission.

(c) No materials shall be stored between a fence located adjacent to a lot line and the lot.

(d) Fencing shall be constructed with a finished or decorative side facing the adjacent or abutting property or street.

(e) No fence shall be constructed in the City without first obtaining a Building Permit. (Except no permit shall be required for decorative fencing.)

(f) Snow fencing will only be permitted between November 15 and April 15 of each year. No building Permits for the installation of said snow fencing shall be required.

DEFINITIONS:

(a) **Fence:** A structure, which is a barrier or is used as a boundary or means of protection or confinement.

(b) **Fence - Solid:** A fence, including gates, which conceals from view from adjoining properties, streets or alleys, activities conducted behind it.

(c) **Fence - Decorative:** A fence, including gates, which are more than 75% open and less than 3 feet in height, such as split rail fences used for ornamental purposes. For purposes of this section, chain link and picket fences are not considered to be decorative fences.

(d) **Height:** The height of the fence shall be determined by measuring the vertical distance from grade to the top of each section of the fence.

(e) **Yard, Front, Side, and Rear:** All yard areas are defined by the City of Sparta Zoning Ordinance.

RESIDENTIAL FENCING

LOCATION

1. Fences having a height of six (6) feet or less may be used to locate property lines within the required rear yard areas in residential districts. While fences are allowed to be placed on the property line, care must be made that the fencing needs to be properly maintained without trespassing upon the neighboring property.

2. Fences located in front and street side yards may not exceed 4 feet in height.

3. **Prohibited Fencing Materials-** Fences shall not be constructed with, or consist of, rope, string, wire products, including, but not limited to, chicken wire, hog wire, wire fabric, barbed wire (except as allowed in other sections of this Code), razor ribbon wire and similar welded or woven wire fabrics, chain, netting, cut or broken glass, paper, metal panels, corrugated metal panels, galvanized sheet metal, plywood, fiberglass panels or plastic panels or any other materials that are not manufactured specifically as fencing materials.

4. In all cases ordinance section 17.119 in regards to vision clearance shall be followed.

5. Decorative capping of posts or fences more than 75% open will be permitted to a height of 18 inches above the required fence height

COMMERCIAL/INDUSTRIAL ZONING DISTRICTS

1. Fences may be located in all yards in nonresidential zoning districts. The Plan Commission prior to the issuance of a building permit shall approve fences located in the front yard.

2. Fences installed in nonresidential districts shall not exceed eight (8) feet in height, except when required to enclose outside storage areas or when approved by the Plan Commission.

3. Fencing constructed to enclose outside storage areas shall be at least eight (8) feet in height and in no case lower in height than the enclosed storage area when approved by the Plan Commission.

4. Barbed wire may be allowed on the top of fences six (6) feet or more in height.

5. All fencing constructed to enclose outside storage areas in non-residential zoning districts shall follow ordinance section 17.05.

AGRICULTURAL DISTRICTS

1. Fencing shall be permitted in all yards in the A-1 and A-2 districts, and in all yards on legal non-conforming agricultural uses for replacement of existing fencing. Fencing shall be permitted in front yards only for the enclosure of cultivated fields, pastures and animal pens.

2. Fencing for areas other than those described in Section

3. Fencing may be constructed in the A-1 and A-2 districts for cultivated fields and pastures before a principal structure is present.

APPEALS

Any person aggrieved of the requirements of this ordinance may appeal the decision of the Building Inspector or Zoning Administrator to the Board of Building and Zoning Appeals.

APPLICATION FOR PERMIT

In order to avoid delays in the processing of an application to erect or construct a fence, the following information is necessary:

1. Survey or accurate drawing of the property, showing proposed fencing location, any existing structures, swimming pool, and overhead or underground electrical wiring.

2. Dimensions of fence to lot lines and adjacent buildings.

3. Height of sidewall of fence above grade (highest point).

4. Type of any fence proposed.

INSPECTIONS

1. Location. Fence location is clearly marked before setting posts.

2. When fence installation is complete.

PERMIT FEES

\$20.00 per permit

I agree to comply with all applicable codes, statutes and ordinances and with the conditions of this permit; understand that the issuance of the permit creates no legal liability, express or implied, on the state or municipality; and certify that all the above information is accurate. If I am an owner applying for an erosion control or construction permit, I have read the cautionary statement regarding contractor financial responsibility on the reverse side of the last ply. I expressly grant the building inspector, or the inspector's authorized agent, permission to enter the premises for which this permit is sought at all reasonable hours and for any proper purpose to inspect the work which is being done.
